MILEAGE REIMBURSEMENT

Via's Family and Friends Mileage Reimbursement Program makes it easier to ask for rides from family, friends, and neighbors by offering reimbursement based on miles driven. Qualifying rides include those trips within Via's service area which Via was unable to provide due to scheduling constraints or were outside of our normal operating days or hours. Trips to the Denver metro area for medical reasons may also be eligible. Medicaid eligible trips are not reimbursable by the Family and Friends Program. All trips must be pre-authorized by calling 303-447-9636.
